High Performance Dance Footwear

*the world's most advanced
footwear for dance*

The Reflex Contour is a technical feature unique to MDM footwear. A responsive stretch panel built into the mid-section of the shoe, the reflex panel allows the shoe to dynamically expand and contract with the natural movement of the dancer's foot, while maintaining an optimum fit and aesthetics at all times.

WHAT THE PROFESSIONALS SAY...

Monica Zhang
Charles Gairdner Hospital

“There is great potential in science and technology benefitting the arts and MDM is at the forefront of this.”

Marie Walton-Mahon
Progressing Ballet Technique

“I love the MDM Shoes, honestly, they are the best ballet shoes I’ve ever worn.”

Georgina Barr
Podiatrist

“Mixing the precision of latest dance medicine research with a focus on aesthetic excellence.”

BALLET

intrinsic

MB100

Intrinsic Ballet

Canvas Ballet Shoe
perfect for beginner level

SIZES: MB100C (Child): 7 - 3

WIDTHS: N, M

All sizes are listed in US sizes
Available in half sizes

COLOUR :

The Intrinsic is a hybrid sole canvas ballet slipper that has been designed to supersede the full sole ballet slipper. The MDM hybrid sole has a split sole outside appearance combined with the functional resistance of a full sole.

With the built in Dance Base Support, the Intrinsic protects and supports the wearer providing sensory feedback (proprioception), controlled resistance and critical shock absorption.

BALLET

MB105

Intrinsic Reflex Ballet

Canvas Ballet Shoe
perfect for intermediate/advanced level

SIZES: MB105C (Child): 1 - 3
MB105A (Adult): 6 - 12

WIDTHS: N, M

All sizes are listed in US sizes
Available in half sizes

COLOUR :

The Intrinsic Reflex is the perfect companion for the emerging dancer.

The Dance Base Support protects and supports the wearer providing sensory feedback (proprioception), controlled resistance and critical shock absorption while the Reflex Contour dynamically expands and contracts in sync with the dramatic changes of the dancers body, maintaining aesthetic lines at all times.

BALLET

intrinsic profile 2.0

MB126

Intrinsic Profile Ballet

Stretch Canvas Ballet Shoe
perfect for class & performance

SIZES: MB126C (Child): 7 - 3
MB126A (Adult): 6 - 12

WIDTHS: NN, M

All sizes are listed in US sizes
Available in full sizes only

COLOUR :

The Profile 2.0 is a stretch ballet slipper conforming to the foot like a second skin and manufactured from a textile exclusively constructed for MDM: a high tensile anti-bacterial material.

Incorporating MDM's re-engineered patented Dance Base Support, the Profile 2.0 offers optimal performance coupled with enhanced levels of comfort and support.

COLOUR : 

The ilara provides unsurpassed aesthetics, comfort, and protection, making it the perfect choice for dancers at all levels. The light, 4-way stretch canvas conforms to the dancer's foot for a snug and secure fit. New to MDM, the ilara features an optimised built in Dance Base Support, cupping the heel region only for unparalleled impact protection and unbeatable aesthetics

Incorporating MDM's re-engineered patented Dance Base Support, the Profile 2.0 offers optimal performance coupled with enhanced levels of comfort and support.

CONTEMPORARY

exo lyrical

MM502

Exo Lyrical Contemporary

Stretch Canvas Half Ballet with Stirrup
perfect for class & performance

SIZES: MM502: XS, S, M, L

COLOUR : 

The EXO Lyrical protects and supports the foot, while compression technology aids recovery and performance.

The Exo Lyrical encourages blood flow from the foot to the heart, which in turn improves oxygenation and gives the dancer more energy in the feet and legs.

Muscle recovery is facilitated by reducing the accumulation of toxins in the blood stream, and the gentle massaging properties will reduce the feeling of tired and aching legs.
